## Uganda at a glance

31 million people live in Uganda. 80% of Ugandans live in villages with little access to health care, electricity and basic everyday needs. Life expectancy is 45. The average Ugandan man makes \$1 a day. The average pastor has the equivalent of a 6th grade

education. Uganda has had little recovery from the days of the corrupt dictator Idi Amin in the 70's. Uganda is one of the most fertile evangelistic fields in the world.
